

Character Development

At St Margaret's at Hasbury CE Primary School we believe that character development contributes significantly to personal flourishing. We are dedicated to fostering an environment where character development is at the heart of our educational approach. By prioritising mental and emotional well-being and instilling strong values, we prepare our children not only to succeed academically but also to flourish personally and socially. Our commitment to these principles ensures that every child can develop into a well-rounded, resilient, and purpose-driven individual.

We are very fortunate to have built a relationship with the prestigious Eton College. We are at the beginning of this partnership and have some exciting plans over the next couple of years.

- Children visit Eton College, experience a day, participate in workshops and talk to Eton students.
- With support and guidance from our partnership, St Margarets will launch a programme recognised by Eton College. This will include study and experiences that will ensure all children at St Margarets develop into a well-rounded, resilient and purpose driven individual.

Study and Experiences will include:

- Opportunity to perform
- Public speaking
- Service
- First aid qualification
- Resilience study
- Critical thinking study
- STEM workshops
- Career talks
